[More About Us](#)

We have exhibited our company 2012 in four different exhibitions in United Arab Emirates. Some of the product and services from our top agents – KLEEMANN, STIEBEL and GKM, were displayed. The gear motor from STIEBEL and the screen machine from GKM were placed for display to our visitor. Visitors from various locations passed by to see our stall and enquired about our company and its product. Our conveying system is one of top quality-guaranteed system, German engineered, made in UAE, was a center of attraction for many visitors.

Quarry & Mining stall in Intermat 2012

Conveyor system with Stiebel gearmotor

Mobile Crushing and Screening units from KLEEMANN was our priority for marketing. Many visitor lacked confidence

in the mobile crushing technique. We have successfully provided confidence to these visitors by demonstrating the application and benefit of using these units in quarry and mining application, especially for primary crushing.
